Teaming Partner List

SETO is compiling a Teaming Partner List to facilitate the formation of new project teams for the Bipartisan Infrastructure Law (BIL) Solar and Wind Grid Services and Reliability Demonstration (DE-FOA-0002745). This FOA will provide funding to demonstrate the capability of large-scale solar and wind plants to provide grid services to the bulk power grid as well as improving grid reliability. The FOA will have two topics:

- Topic 1: Wind and Solar Grid Services Design, Implementation, and Demonstration. This topic area supports full-scale demonstration projects that seamlessly integrate renewable generation with other large-scale or aggregated distributed energy resource (DER) technologies to provide ancillary (grid) services and improve reliability.
- Topic 2: Protection of Bulk Power Systems with High Contribution from Inverter-Based Resources The goal of this topic area is to develop a better understanding of how protection systems will operate under very-high IBR scenarios through advancements in modeling and simulation capabilities and to develop and validate strategies and new technologies that can maintain system protection at any level of IBR penetration and improve reliability.

The Teaming Partner List will be available on EERE Exchange at <https://eere-Exchange.energy.gov> under FOA DE-FOA-0002745 during the time of its release through its closing. The Teaming Partner List will be updated at least weekly until the close of the Full Application period, to reflect new Teaming Partners who have provided their information.

Submittal Instructions:

Any organization that would like to be included on this list should submit the following information in Excel format to SI.Grid-FOA.SETO@ee.doe.gov with the subject line “Teaming Partner Information”: Organization Name, Contact Name, Contact Email, Contact Phone, Organization Type, Area of Technical Expertise, Brief Description of Capabilities, and Topic Area.

Disclaimer: *By submitting a request to be included on the Teaming Partner List, the requesting organization consents to the publication of the above-referenced information. By enabling and publishing the Teaming Partner List, EERE is not endorsing, sponsoring, or otherwise evaluating the qualifications of the individuals and organizations that are self-identifying themselves for placement on this Teaming Partner List. EERE will not pay for the provision of any information, nor will it compensate any applicants or requesting organizations for the development of such information.*
