

SETO strongly encourages teaming among multiple stakeholders across academia, industry, National Laboratories, and technical disciplines. Teams that include multiple partners are preferred over applications that include a single organization. Teams that include representation from diverse entities such as, but not limited to, minority-serving institutions (MSI), including historically Black colleges and universities (HBCU) and other minority institutions (OMI), minority business enterprises, minority-owned businesses, woman-owned businesses, veteran-owned businesses, or entities located in an underserved community are encouraged. To facilitate the formation of teams, SETO is providing a forum where interested parties can add themselves to the Teaming Partner List, which allows organizations that may wish to apply to the FOA, but not as the prime applicant, to express interest to potential partners.

Any organization that would like to be included on this list should submit the following information in Excel format to [solarwildlife@ee.doe.gov](mailto:solarwildlife@ee.doe.gov) with the subject line “Teaming Partner Information”:

- Organization name
- Contact name
- Contact address
- Contact email
- Contact phone number
- Organization type
- Area of technical expertise
- Brief description of capabilities
- Topic area.

*Disclaimer: By submitting a request to be included on the Teaming Partner List, the requesting organization consents to the publication of the above-referenced information. By enabling and publishing the Teaming Partner List, EERE is not endorsing, sponsoring, or otherwise evaluating the qualifications of the individuals and organizations that are self-identifying themselves for placement on this Teaming Partner List. EERE will not pay for the provision of any information, nor will it compensate any applicants or requesting organizations for the development of such information.*
